14-FOG - Hazardous material event.docx
15-FOG - Jail Escape.docx

I believe I spoke to Dan and Eligio about this but not 100% sure. I don't know if we have something similar here but it came to my mind when we were discussing the EOC and having an Emergency Operations Plan. This is a great resource that I've used as both an officer, sergeant, and commander when I was at Oxnard. Thoughts?
